Information Regarding Donations To Sendai Ikuei Gakuen

We would like to express our gratitude and sincere appreciation for the warm support we have received after the earthquake and the subsequent tsunami on March 11th, 2011. At this time we are pleased to inform that we are gradually beginning our recovery process. However, we would like to take this moment to express our deepest condolences to Sendai Ikuei Gakuen Alumni Association President, Mr. Mikio Daigaku, who was a victim of this tragic disaster, and we are greatly saddened by his loss.

Recently, a structure specialist inspected Miyagino Campus and advised that after restoration of the Hokushin building, we will be able to accommodate some of our students and resume classes. However, our Eiko building, Nanmei building, and Fukko Memorial building are irreparable at this time and will have to be demolished and rebuilt. We are saddened by these results, but for the safety of our students and faculty, we believe this is inevitable.

On March 28th, 2011 a representative from the Japan Education Ministry visited our campus to inform us about public assistance that will be available for schools that have been affected by this disaster. However, due to the amount of schools that have been affected, this process will be long, and we are unable to determine a time frame of the assistance. In order to resume classes at Miyagino campus and bring back the livelihood to our students and community, your generous financial contributions would be greatly appreciated.

With your generous contributions we hope to hear students' laughter at the Miyagino campus by our 110th anniversary on October 1st, 2015. We thank you for your financial and emotional support during these hard times. It has and will continue to make a difference as we move forward together.
