Dear Supporters,

Information regarding donations to Sendai Ikuei Gakuen

We would like to express our gratitude and sincere appreciation for the warm support we have received from within Japan and abroad in response to the Great East Japan Disaster. Thanks to your support the rebuilding of the Miyagino campus was able to be completed exactly two years after the disaster on March 24, 2013. It was a quick recovery for the school, just one year and two months after the rebuilding process began on January 23, 2012.

I am assured that this is a result of the spirit of the tenacity of the teaching staff and the students working together as one towards a quick recovery to achieve a "Sendai Ikuei turn-around".

Furthermore, we have endured both physically and mentally with gratitude for the great support, cooperation, guidance, advice, and assistance from the government, the Ministry of Education, Culture, Sports, Science and Technology in Japan, Miyagi prefecture, alumni, and parents. In terms of the financial aspect of the recovery, we were able to continue the project with financial assistance from the government and Miyagi prefecture, and loans from the Private Schools Association as well as the city bank.

From this day we are continuing to advance and work to take strides forward after restoration through the development of the land on the west side of the Miyagino campus, the maintenance of the gymnasium facility, buildings of all educational facilities and the sports field, and through the purchase of equipment and facilities for our desired and ideal educational environment.

In order for the project to progress in this way, a larger amount of funds and additional larger loan repayments are required which place us in tight economic circumstances from which we are seeking additional management.

Thus, from within this tight economic state, we humbly ask for generous financial donations toward the further improvement and development of Sendai Ikuei Gakuen to the donation account listed below. We are happy to provide information for tax-deductible purposes.
